

HP Pavilion dv6-1425ei Entertainment Notebook PC

Windows®. Life without Walls™. HP recommends Windows 7.

- **Sophisticated elegance**

With a choice of two new Imprint designs - Espresso, a glossy black finish with a discreet circular pattern or Moonlight, a subtle pattern of cool grey flowing lines on a white background - the HP Pavilion dv6-1400 notebook PC is sure to captivate.

- **Total entertainment**

HP MediaSmart software puts all forms of entertainment in one place that is just a click away - from video and digital photos to music. With its 15.6" screen, this notebook makes an ideal alternative to a desktop PC.

- **Portable entertainment experience**

Blu-ray, premium audio and dual headphone jacks deliver uncompromising entertainment (available on selected models).

- **Stay connected**

An integrated webcam and dual digital microphones are ideal for social networking and communications.

- **Secure user experience**

HP ProtectSmart automatically detects if a notebook has been dropped and, before the notebook hits the floor, automatically stops the hard drive from spinning, helping to prevent the loss of files and data.

- **The display that's good for the Earth**

Get crisp, bright images and reduce your environmental footprint. The HP dv6-1400 Notebook PC features an energy-efficient, mercury-free backlit LED display. That's good news for the planet both during and after your display's lifecycle.

If you are seeking the ideal balance between mobility, comfort and entertainment experience, look no further than the HP Pavilion dv6 Notebook PC series.
